No words!

Having commanded the NYPD on 9/11 and been stabbed and shot at; and witnessed numerous colleagues shot and killed in the 80s - 90s in the line of duty, I am shocked at the cowardice.

They should be fired - not fit for duty.

The vaccine works, so you should get it.

But you'll still have to wear a mask.

But you'll still get COVID and have to quarantine.

But you'll still have to force everyone else to get vaccinated so you FEEL better.

I'm curious as to when the CDC will recommend to the Biden Administration that the Southern Border should be closed?

You know, since we're trusting "Science" and all, you'd think 200,000 unvetted unvaxxed illegals a week coming across the border would be a problem...

People are living their lives normally here in Florida where I live - the motels are booked, the beaches are packed. Everyone is enjoying the hell out of the summer and people are pouring in from all across the country.

I laugh when I see the fake news reports.

When NY City went on lockdown 3% was the positivity rate of COVID tests which triggered lockdowns. Right now the positivity rate of illegals crossing the border is 8.3%.

When I hear stories about the people struggling post-pandemic, I can't help but be reminded there are over 13 mil kids living in a food insecure home - possibly more now. If you know anyone struggling, send them my way, they can always eat for FREE at my spots. I can deliver.

We all said this would happen. COVID restrictions ease up; everybody who has been isolated and wearing dirty pieces of cloth on their faces for 18 months stops; and their immune system has suffered. And there's a flu spike (not unexpected). And everybody screams COVID variant.

Just watched the Mike Lindell ad that Fox refused to play. Media is lying. He makes NO CLAIMS about the election in it. It is a promo for his event, and includes a spot for FrankSpeech. That's it.

Except everyone knows the event is a full-on mental breakdown, with him claiming things that he has no evidence of... like the election was stolen from his golden god, Trump.

It's nonsense, and not even Fox wants to touch it.

I think they just need to go ahead and create a new virus for the 2022 Elections and just go ahead and say it mutated from a virus found in bovine feces.

That way we can just skip the weird names and go ahead and call it the Bullshit Virus.

I wonder what new strain or virus we will get in Sept. 2022 in time for the Mid-Term elections? Is it something that will mutate or will they just release a new one in time for Mail In Voting?

So, the 7 day average for deaths nationwide were 549 when the mask mandates were removed. Now they want to reinstate them. Currently the 7 day average is... 296.

This is politics, the Dems are terrified of the reckoning in 2022, period.

Your local Walmart is in on all of it. Make NO mistake!

I haven't been to a Wally-World in well over a year. I'll never go back.

I sincerely hope you all recognize what's happening! The government can't legally force you to get the vaccine, so they are using massive employers, with liberal leaders Like Walmart's Doug McMillan, to force you into compliance.

Learn from this so its not wasted. I don't know where this goes. How far does this trickle? Do they require all vendors to have the vaccine to continue doing business with them?
How many people can Walmart's decision reach?

Did you ever think your grocery store would be forcing Americans to get vaccinated against their will?

I'm amazed those who claim to be "tough guys" that are wearing masks & not researching what's happening in America

They claim to be leaders, are literally followers, & they won't stand for America now.

The biggest conspiracy in the world is that your government cares about you!

I couldn't be more excited to have a true Patriot like Roger Stone join our fight to save California from the radical left. It's time we shine light on our elections processes so we can get to the bottom of the 2 million voter registration irregularities.

I can't stress this enough— DO NOT take the bait to fear your neighbor. I don't want to hear any more chatter about civil war. Supply chains are in fact waning, just get what you need and do it with peace in your heart knowing GOD is PROVIDENT. Don't take the bait to violence 🇺🇸

The COVID-19 lockdown pattern in Australia is completely unsustainable.

Sydney just got locked down for yet another month and the military has been sent in to enforce the measures.

Check out the case numbers in Sydney. Around 150-200 new cases a day.

This justifies lockdown?

I'm amazed those who claim to be "tough guys" that are wearing masks & not researching what's happening in America

They claim to be leaders, are literally followers, & they won't stand for America now.

The biggest conspiracy in the world is that your government cares about you!

They should just let 'The Delta Variant' spread.

If cases are up, but hospitalisations and deaths are down, that's GOOD...

It means people are building natural immunity.

But what do I know? I'm not an 'eXpErt'.

Zero COVID is an impossible goal to shoot for, and that's precisely why the government "experts" are going for it. It justifies endless lockdowns, increased surveillance and security, and the erosion of liberties.

8,200+ people die every single day in America....in fact the mortality rate is around 300 per day nationwide... less than 5% are from Covid...

Facts matter...

Yes it's real, but it's time for proactive treatments like "I" and "H" nationwide!

In the Bible Christians fought battles. Joshua brought down the city of Jericho. Sampson fought back, David fought back.

So please explain why I'm not supposed to fight back?

Experimental gene therapy being used as a "vaccine" is stuck in FDA approval.

The adoption of this experiment is worth billions in profits annually for a small elitist group.

Lucky for that group a virus escapes a lab that they also fund in China. No FDA approval necessary 🤑

As a movement we have to STOP supporting those that refuse to SPEAK THE TRUTH on a public stage or on social media, etc because they don't want the push back from the liberals, RINO's, and mainstream media..

How do you determine TRUTH? It's subjective dependent on desired outcome & in those willing to see the possibility that they are mistaken

Blanket statements without true irrefutable data or proof is dangerous speculation

What you fail to understand is DC Politics...

Both sides of the political aisle in our IC community HATE Julian Assange..

I've been in meetings at speak easy's in DC, and these are folks that supported Trump, guess what they still HATE Julian Assange..

How Politics work:

New Lockdowns -> Mail in Vote 2
Take Cuomo Out -> Radical AG in
Delta -> Mail in Vote 3

All of the above -> Hide the Audits

When you're all looking one way, turn your head and look the other. It's all misdirection.

Trying to "mask" or "lockdown" your insides is futile.

Sound familiar?

Why is Biden's DOJ suing? thought it was illegal to enter our nation without going through a legal immigration process?

Can you spot the difference?

1. Purchasing an american flag then burning it.
2. Trespassing on a church, stealing their flag that says their lives matter, then burning it.

I thought tax returns are confidential by law. Maybe we need legislation to include the legislatures and take away their ability to see anything any time. Forced disclosure will dissuade GOP folks from running. Democrats do everything under the table so its not on their returns.

Hospitalization rate among those fully vaccinated was between effectively zero percent and .06 percent. The death rate among fully vaccinated people with COVID-19 was even less than that between zero percent and .01 percent. The vaccine is to keep you from dying not contracting it
